Pediatrics Department Upgrade

Ewa brings extensive design and construction experience in healthcare and educational facilities to Eckenhoff Saunders clients. In addition to her design expertise, Ewa provides her knowledge in project/program management, regulatory code compliance reviews, construction design and management, scheduling, change order management, value engineering, and LEED documentation.

Prior to joining Eckenhoff Saunderson, Ewa was the Project Architect for the 120,000 sf Resurrection Medical Center Patient Care addition project and Evanston Hospital's 54,000 sf Surgery/ICU renovation for NorthShore University HealthSystem.
