AWARDS & PUBLICATIONS

National School Board Association,
AIA Exhibition of School Architecture -
Citation of Excellence, Frances Xavier
Warde School (2006)

Rod is experienced in managing highly technical projects and maintaining quality oversight throughout construction. He was the project manager for the new 145,000 sf LEED Silver Certified Ambulatory Care Center and Connector at Glenbrook Hospital in Glenview, Illinois. The building houses the hospital's Kellogg Cancer Center, neurological institute, sleep center, healing garden, medical office suites, a pharmacy, cafe, and other patient amenities.

He also served as project manager for the award-winning 142,000 sf, 26-story Eurostars Magnificent Mile, a high-end contemporary boutique hotel, and the Museum of Broadcast Communications, both located in Chicago's River North neighborhood.
