

CARDIOVASCULAR INSTITUTE AT GLENBROOK HOSPITAL

NEW CARDIOVASCULAR INSTITUTE COMPLEX TO SERVE AS CENTRAL HUB FOR ELECTIVE CARDIAC PROCEDURES

CLIENT Endeavor Health | **LOCATION** Glenview, Illinois | **SIZE** 165,000 sf

PROJECT SCOPE

Endeavor Health has strategically selected the Glenbrook Hospital campus for its new phased Cardiovascular Institute expansion. The development comprises 165,000 sf of new construction, including 8 Cath Labs, 4 EP Labs, 4 Open-Heart Operating Rooms, 2 Hybrid Operating Rooms, Preparation/Recovery Bays, staff and clinical support, and a large lobby area with a tall glass enclosure. In addition, a 5-story elevator core with two oversized patient elevators and two public elevators connects the expansion to each floor of the existing hospital.
