

# ALLEN YODER

ARCHITECT

## EDUCATION

Master of Architecture,  
Miami University

Bachelor of Science in Architecture,  
Bowling Green State University

## PROFESSIONAL REGISTRATIONS

Registered Architect, Maryland

Allen is an architect with a robust background in design for commercial, residential, and health-care-related projects. He has a keen eye for detail and a pragmatic and thoughtful approach to design, including working with furniture concepts and themes. Utilizing his profound knowledge of architecture and planning, he works diligently to create well-crafted and balanced spaces. Allen knows how to get the job done successfully without compromising quality, from design development through construction administration.

### Heartland Alliance

Chicago, Illinois

- 28,000 SF renovation/addition for a non-profit organization serving homeless and HIV-positive participants with health, dental and counseling services, pharmacy, and food pantry.

### UChicago Medicine

Orland Park, Illinois

- 18,000 sf interior build-out of medical offices and clinical spaces.

### UChicago Biological Sciences Division

Chicago, Illinois

- Architectural designer for a faculty office tower feasibility study to understand and define the functional, aesthetic, cost, schedule, and logistical aspects for consideration of constructing a major research laboratory facility on campus.

### Evanston Rebuilding Warehouse\*

Evanston, Illinois

- Exterior façade and landscape design for a non-profit client. The design was meant to reflect the core values of construction sustainability through construction material reuse at their new 5,000 SF resale location.

### Ashland Residence\*

Wilmette, Illinois

- After a fire at their residence, Allen helped the client rebuild their 1930s-era brick colonial family home. The project was published in Better Chicago.

### Hamlin Student Housing\*

Evanston, Illinois

- A small student housing residence located via a short walk off of Northwestern's campus.

### 2508 Park Place Residence\*

Evanston, Illinois

- Addition to an early turn of the century colonial style home. The client wanted a space filled with natural light that matched the existing well persevered colonial style of the existing house.

### Firehouse Grill\*

Evanston, Illinois

- The Firehouse Grill was a once functioning fire station in Evanston that was converted into a favorite local restaurant. Analyzed options for expanding the restaurant to a 3rd-floor roof deck and bar.

### Magnolia Residence\*

Evanston, Illinois

- Full renovation and addition to an early 1920's tudor style home in Chicago's Andersonville neighborhood.

### Watras Residence\*

Chicago, Illinois

- Renovation of historical worker cottage in Chicago's Old Town neighborhood. The project featured several custom furniture and millwork pieces throughout the residence to give it a one-of-a-kind vibe.

### Fulton Loft\*

Chicago, Illinois

- At the time of the project, Fulton Market was in the midst of its transformation from a bustling warehouse district to what is now one of Chicago's finest restaurant neighborhoods. The project was a renovation of an existing exposed brick loft, giving it the industrial feel reflective of the neighborhood transformation.

### Meyer Residence\*

Chicago, Illinois

- A complete transformation of an existing Chicago wood-framed bungalow into a modern farmhouse for a growing family. The project features a new exterior stair tower and a bridge spanning across a double-height family room from one end of the house to the other.

### Wheel and Sprocket Bike Shop\*

Chicago, Illinois

- 7,800 sf interior tenant build-out for bike sales and repairs.

### Bilton Residence\*

Winnetka, Illinois

- 4,500 sf new build construction of residential home featured in Lux Magazine.

### James M. Stockman Cancer Institute\*

Frederick, Maryland

- 62,000 sf of a 3-story cancer center
