

LINDSAY, PICKETT & POSTEL, LLC

TURNKEY DESIGN SERVICES FOR OFFICE SUITE DEVELOPMENT

CLIENT JLL, CBRE, and Lindsay, Pickett & Postel, LLC | **LOCATION** Chicago, Illinois (Loop) | **SIZE** 6,515 sf

PROJECT SCOPE

Lindsay, Pickett & Postel (LPP) concentrates on insurance defense, insurance coverage, and appellate litigation in Illinois and Wisconsin. While relocating their offices to 200 West Madison, Eckenhoff Saunders provided turnkey design, documentation, and construction administration for the project. Although structured like a turnkey project, Eckenhoff Saunders worked hand-in-hand with the LPP team to create a design and feel that captured the sophistication of their clients while offering more contemporary workplace design features like exposed ceilings, open collaboration, and lounge areas.

This modern, contemporary office environment, following the completion of construction, was further enhanced by Eckenhoff Saunders' guidance in the selection and arrangement of accessories and décor throughout the suite, adding the finishing touch to their new office space. Once completed, the project made a statement about the LPP team while providing a modern, contemporary office environment.
