

CORPORATE SPACE AT GLENBROOK HOSPITAL

CORPORATE SPACE DESIGNED WITH STATE-OF-THE-ART AMENITIES AND BUILT FOR ULTIMATE FLEXIBILITY

CLIENT Endeavor Health | **LOCATION** Glenview, Illinois | **SIZE** 13,150 sf

PROJECT SCOPE

Endeavor Health's new corporate space is a 13,150-square-foot build-out within the Glenbrook Hospital Ambulatory Care Center in Glenview, Illinois. The project includes the development of office and meeting space. Strategically located at Glenbrook Hospital, this space offers a centralized location within Endeavor Health's hospital system.

The new space is comprised of office/meeting rooms, focus rooms, and a conference room, designed as hoteling spaces for employees who need to work on-site for the day. This section also includes a media studio capable of broadcasting messages from the CEO or hosting panel discussions. The staff meeting space exemplifies the project's flexibility, featuring a 1,715-square-foot multi-purpose meeting room. The advanced AV design and adaptable furniture allow for various layout configurations, catering to different meeting types and enhancing the space's versatility.

Significant attention has been given to acoustics throughout the project. An acoustic gypsum board ceiling system, acoustic wall panels, and decorative acoustic ceiling elements have been incorporated throughout the space. Additionally, white noise is utilized to ensure privacy, underscoring the project's commitment to creating a conducive work environment.
