

AMBULATORY CARE CENTER AT SKOKIE HOSPITAL

OUTPATIENT TREATMENT CENTER

CLIENT Endeavor Health | **LOCATION** Skokie, Illinois | **SIZE** 4-story, 130,000 sf | **RECOGNITION** LEED Certified

PROJECT SCOPE

The Ambulatory Care Center at Endeavor Health's Skokie Hospital offers comprehensive clinical and physician office space, seamlessly connecting to the hospital via a glass-enclosed bridge and a utility tunnel. This modern facility spans five stories, with each of the four main levels averaging 25,000 square feet, and includes a full lower level housing a state-of-the-art diagnostic imaging suite.

The center is equipped with an outpatient lab, pharmacy, and a specialized mammography suite. Visitors enter through a dedicated entryway that opens into a spacious two-story atrium featuring public elevators and various amenities. The building boasts a flexible, open floor plan with 30-foot by 30-foot column bays and continuous perimeter windows that provide abundant natural light. Within this expansive space, the Ambulatory Care Center hosts medical offices for numerous specialties, including Internal Medicine/Family Medicine, OB/GYN, Outpatient Pharmacy, Outpatient Lab Services, Physical Therapy, Pelvic Health, Neurology, Gastroenterology, Dermatology, General Surgery, Mammography, MRI, X-Ray, and the NorthShore Orthopaedic Institute.
