Congregation Solel Reading Table

AIA Henry Adams Medal

Matt has developed a deep portfolio of work that focuses on spaces for learning, gathering, and serving—especially for educational and non-profit clients. His design solutions for these clients focus on the long-term benefits of flexibility, durability, and sustainability. Projects include the Kovler Family Library for Francis W. Parker School and the comprehensive multi-phased campus expansion of Elim Christian Services in Palos Heights, Illinois. In addition to his design responsibilities, Matt leads Eckenhoff Saunders' business development efforts. He is a former Trustee of the Village of Deerfield and recently served as a member THSD District #113 steering committee, overseeing a \$100M capital improvement program.
