

RUSH ARMOUR LIBRARY

TRANSFORMATION OF PREVIOUSLY UNUSED SPACE INTO NEW COLLABORATIVE LEARNING ENVIRONMENT

CLIENT RUSH University Medical Center | **LOCATION** Chicago, Illinois | **SIZE** 7,000 sf

PROJECT SCOPE

The former book stack area has been transformed into an inviting open study space for students. Located on the 7th floor of the Armour Building, this unique space spans over Harrison Street, offering impressive views.

Our team updated and refreshed the area within a tight budget, incorporating modern finishes, new ceiling elements, and contemporary furniture. We enhanced the original coffered ceiling with accent paint to showcase its architectural detail, while additional power outlets were added to increase convenience for students.
