

TRAVIS RICH

SENIOR ASSOCIATE

EDUCATION

Bachelor of Architecture,
University of Kentucky

Travis has developed a specialty in clinical laboratory and hospital pharmacy planning, design, and implementation. He oversaw the multi-year planning and design of a 50,000-sf Clinical Laboratory for Endeavor Health's Evanston Hospital. This project involved the renovation of the hospital's existing central laboratory while serving the hospital system's needs. Travis also leads the BIM standards and guidelines committee at Eckenhoff Saunders, making it more accessible to project teams, clients, and contractors.
