Habitat for Humanity Women Build

Erin is an architect and an interior designer with a robust background working with various project types for workplace, higher education, healthcare, religious, senior living, and civic clients. Before joining Eckenhoff Saunders, she held multiple roles as a project architect, project designer, interior designer, and furniture designer. Her responsibilities have included programming, design visioning, finishes development, schematic design, construction documentation, and consultant coordination. She is a critically important member of Eckenhoff Saunders' Commercial + Workplace market team.
