

JESAL VANIAWALA

ARCHITECTURAL DESIGNER

EDUCATION

Masters in Architecture,
Arizona State University

Bachelor of Architecture,
Veer Narmad South Gujarat
University

Jesal is a dedicated architectural designer specializing in drafting and 3D modeling. With a keen eye for detail and a flair for creativity, she transforms ideas into tangible concepts, breathing life into architectural projects. By harnessing her expertise in design themes and concepts, she crafts compelling visualizations that allow clients to envision their project goals taking shape. Jesal brings a unique blend of artistry and technical precision to every project through her innovative approach and commitment to excellence. Her ability to consistently exceed expectations ensures that each design reflects the client's vision and more.
