

VICTORIA GRZYB

ARCHITECTURAL DESIGNER

EDUCATION

Master of Architecture,
University of Illinois Chicago

Bachelor of Science in Architecture,
University of Illinois Chicago

PROFESSIONAL AFFILIATIONS

American Institute of Architects,
Associate Member

Victoria Grzyb is an architectural designer with experience across workplace, civic, and healthcare projects, combining strong conceptual thinking with technical rigor. She brings a collaborative approach to programming, space planning, and documentation, with hands-on experience producing design development and construction document sets, coordinating with consultants, and supporting client-facing efforts. Victoria is highly proficient in Revit-based workflows and is recognized for her clear communication, attention to detail, and commitment to thoughtful, well-executed design.
